

## Meet the "Angel" in ACT

My devotion to caring for the elderly and those in need was sparked at a young age while taking care of my ill grandmother.

My inspired career, which developed over decades, has included work in Nursing Homes, Retirement Centers, and private care services in Communities throughout Louisiana and the Dallas/Forth Worth area. When "Baby Boomers" began to retire, the demand for personal, in-home assistance grew. Experience after experience with those in need would eventually spark the vision for the Angel Care Team.

*Diane Mosley has Medication Aide, CNA, and CPR Certifications.*

## Mission

Our mission is to care for you or your loved ones as we would our own. You are the reason we ACT.

The Angel Care Team consists of professional, compassionate, caregivers that are committed to providing our clients with first rate personalized care in the comfort of their own homes. From basic assistance to complete 24 hour care, ACT provides the best in Assisted Care Services. We support our clients' needs by helping them to maintain the best level of comfort and security while in our care.

*"It's all in heaven's hands"*

When day to day activities become difficult due to age or disability, the Angel Care Team (ACT) can help. The Angel Care Team provides the industry's best in Assisted Care Services.

## During difficult times.....

All of us want the most considerate people around us. As we cope with the changing health of loved ones, we must be reassured that they are in good hands when we are not able to cover all their needs.

"I worked with one of the ACT Angels in her capacity as a loving caregiver for my cousin who has passed away. During his bout with Alzheimer's he was very fortunate to have at his side a woman who with great determination, ensured the best quality of life he possibly could have had. Through her loving care, he looked as if he just stepped out of *Gentlemen's Quarterly*: well dressed and groomed to perfection.

Some circumstances require more help than others. That's when a team becomes important. The Angel Care Team founder,

Diane Mosley, selects and trains only the most qualified staff, so you can depend on ACT for intermitted care or when around the clock care is needed.

One former administrator wrote, "she is excellent with residents, clients, their families and other staff members. She exhibits many qualities as a supervisor. She has the ability to work with people from all walks of life and each person is treated the same.

## More about the "Angels"

My "angel" was very creative at finding ways for my cousin to stay busy and enjoy what he could get out of the life he had been dealt.

This "angel" worked in a Memory Care Unit, which is a challenge for most people. She excelled at it. She had a wonderful work ethic. She was willing to help out anyone at any time, even if the favor was not returned."

"She is truly a devoted person, always a pleasure to work with. She is an extraordinary person with many outstanding attributes."

"She brightens the room when she walks in with her positive attitude and smile. She creates a positive environment for everyone around her."

"If it were not for my "angel" my husband would not be at home, where he wants to be. Due to his multiple strokes, he requires 24/7 care. She is

competent with his Peg feedings, cheerful and positive with his transferring and grooming, and has utmost credibility and character.
